

WE OUR VOLUNTEERS

Hello Members

We would like to invite you to help us out once again this year. We have several opportunities for you to volunteer during the season. All of these opportunities are designed to bring new curlers into the sport of Curling and to our club. It only takes a couple of hours to make a big difference to our club.

Learn to Curl Clinics – On September 26th and 27th we will be hosting our Learn to Curl Clinics. We need volunteers to help us introduce the game of curling to these new people. We would also look for a certified coach to step up to help coordinate the volunteers and ensure we're giving proper instruction.

Curling Rox's Program – help introduce curling to school children in grades 1 to 6. We need people to help us when we go to schools and when the children come to the club with this program. This is a fun program that we haven't done in a couple of years but is a valuable tool in bringing curling to the schools...and it gets great marketing support from Curling Canada. We would also like a person to coordinate this if possible.

Little Rockers & Junior Program – Come down to the club and help us with the future of our club, our little rockers and juniors. Program runs on Wednesday from 4:15pm to 5:45pm and Sunday's from 3pm to 4:30pm.

High School – Many High School kids come down and participate in the High School League and we need people to help teach them. Monday's and Tuesday's from 3:30pm to 5:30pm is the High School League times.

Rookie League – The Rookie League is for 1st and 2nd year curlers to learn are sport. We need volunteers to help teach these people the great game of curling! The Rookie League is played on Saturday's from 3:30pm to 5:30pm.

Please contact me directly if you want more information or to discuss these opportunities.
